TRADE DOLLARS.

It is the opinion of the Treasury officials that if the question is tested before the courts the Government will be compelled to redeem all those trade dollars coined before the passage of the law of July 22, 1876, when the trade dollar was divested of that legal-tender quality which it had possessed in sums not exceeding \$5 from the time it was first coined in 1776; but as it will be impossible to ascertain what trade dollars were coined before and what were coined after the law of 1876 was passed, it is thought at the Treasury that the best way out of the dilemma will be to redeem these coins at par and retire them from circulation. Probably Secretary Sherman will make a recommendation to that effect in his annual report to Congress. Strong pressure will doubtless be brought to bear on Congress to induce that body either to redeem these dollars or to place them on an equality with the silver dollars. The vast interest afforded by what action Congress may take in the premises will be fully appreciated when it is stated that the total amount of dollars coined and now in circulation here and abroad is \$35,959,360.

The Catholic Telegraph, edited by Archbishop Purcell, of Cincinnati, says: "We are pleased to learn that Kearney, the vilest of our Communion's demagogues, is not a Catholic Irishman. He is a Protestant and an Orangeman. He is a pupil of an Orange lodge. This school can claim, without dispute, the honor of his moral and intellectual training." Dennis Kearney told the Tribune editor that he was a Catholic born and raised, that all his family were Catholics, but that of late years he had not been connected with that Church; that he had become a free thinker, and proposed to follow the dictates of his own conscience rather than those of clergymen of any denomination. It must be but a short time since the Catholic clergy threw the great little man overboard, for at the great Workingmen's parade on Thanksgiving day last year, Dennis led the procession and we counted over 150 priests in the crowd.

TO OUR EXCHANGES.—The flood carried away our books of account, subscription book and mail list, and we don't know who owes us, who we owe, and who our subscribers are, and when their terms of subscription begin or end. We therefore have to request our subscribers abroad to send in their names, and if knowing themselves indebted to us, to likewise send the coin. As we have no other means of reaching the parties we ask that our State exchanges will copy this and thus aid to bring it to the notice of our subscribers.—*Reveille*.

At Osburn & Shoemaker's you can buy Florida Water for 25c and 50c; Cashmere Boquet Soap for 25c, other toilet soaps in proportion; Sanders' Face Powder, 37½c, other toilet powders in proportion; also just received from the East a large and splendid assortment of Fancy Hair Oils, Colognes, Extracts, etc., which we offer at prices lower than ever offered in Reno. Call and see them.

STAGE TO PYRAMID.—Having formed a conjunction with J. W. Whitehead, I will run a stage to Pyramid, leaving Reno on Tuesdays and Fridays of each week, returning Sundays and Wednesdays. Passengers, \$2.50; fast freight, one cent per pound. Office, Soda Factory, Journal building. ALFRED JOSE.

For the celebrated Crystal Peak Beer leave your orders at J. J. Beck's. H. F. Rohrs Agt.

WHO WANTS BARGAINS?—The dissolution sale of Barnett Bros. offers extra inducements just now, if you have the coin and need Dry Goods, Clothing, etc., of any kind. They sell without regard to cost, as a glance at their price list in another part of this paper shows. Let all who want bargains call on them as they mean just what they say. All indebted to them are desired to come up and settle immediately.

Go to G. W. Cunningham's for choice, first class Family Groceries, and Provisions. I defy competition for quality and price. East side of Virginia Street, Reno, Nevada.

THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State, it is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL Have a combined circulation larger than that of any interior journal of Nevada, excepting those of the Comstock.

NEWS OF THE MORNING.

The railroad magnates are still in council at Saratoga.

The Labor Committee are in daily session in New York.

Kearney has spoken to an immense crowd at St. Louis. He goes next to Cincinnati.

President MacMahon has pardoned or commuted the sentences of eighty Communists.

Five steamers have left San Stefano for Odessa with Russian troops returning home.

Capt. Judd, who fell down the Keystone shaft Thursday, died of his injuries yesterday.

Viokaburg has 300 cases of yellow fever. The victims at New Orleans are buried at night.

A great festival was held in Belgrade Thursday, celebrating the independence of Servia.

The Tennessee Republican Convention Thursday nominated Emerson Etheridge of Memphis for Governor.

Le Nord states that the Russian expedition to Central Asia has been definitely and completely countermanded.

Reports have been received from country districts in Roumania that the crops have been very seriously damaged by recent rains.

A Washington pamphleteer has created a sensation by publishing an exposure of alleged irregularities in the management of the Freedmen's Bank of that city.

The Epoca says the Spanish Minister of Finance has declined the loans offered by several foreign capitalists. The treasury has resources sufficient to meet its engagements.

Henry J. Canfield, who shot and killed Wm. G. English in Sacramento last week was examined in the Police Court yesterday and held to answer for murder. Bail refused.

Eleven deaths have occurred in Bristol, England, during the past week of typhoid fever. One hundred and fourteen cases are reported since the outbreak of the fever. The disease was caused by the bad quality of milk supplied to the inhabitants.

The contract between the Sutro Tunnel Co. and the Julia Mining Co. is published. The Julia is to pay \$100,000—\$20,000 down and the balance monthly as the drift connecting the mine with the tunnel at \$70 per foot, the whole amount not to exceed \$100,000.

The London Times prints two columns of description of the mechanical display of the United States at the Paris Exhibition. In an editorial article commenting thereon it says: "The pre-eminence of the mechanical genius of the citizens of the United States may be admitted, and it is illustrated not for the first time in the exhibition at Paris."

If Dr. Carver will name the day for the first match, after making good the forfeit money, Bogardus is willing to bet him \$2,000 to \$10,000 on each of four matches that he wins. He will also give Carver a present of \$50 if he will make the forfeit money good this week. He is also willing, provided Carver accepts the above challenge, to make a match between him and his son Eugene for a small sum.

Orders have been issued to all agents of the Pacific Mail abroad to prepare their reports, so that the semi-annual statement of the financial condition of the Company can be given to the public by December 1st, and every six months thereafter. President Babcock will sail for San Francisco September 1st to investigate the condition of the company's affairs at that point.

In consequence of the formation of military organizations in Phillips county, Arkansas, with a view to depriving colored men of the privilege of voting at the coming election, Governor Miller has issued an order that they be immediately disbanded.

TO BE DONE OVER.

The peace patched up by the Berlin Congress does not give much promise of being of long duration. Like everything else that is done with a total disregard to actual right and for mere expediency, it is found to be only a hollow truce. Russia is threatening the Indian possessions of England. Austria has won a hornet's nest she has not yet been able to capture, while Bismarck still dreams of a Prussian Empire that shall include all German speaking nations. The Porte find it impossible to control its fierce hordes in one direction, and is accused of bad faith in another. England is gathering her powerful navy about the island of Cyprus and promises that the Christians shall be protected. It is to be done over again. There may be some hard fighting, but next time the Turk will leave Europe forever. He has been there 800 years and has done little else than show how incompetent he is for healthy growth. We fear Beaconsfield will not be the mighty man he is now in a couple of years, for the next year is likely to show how mercenary and cowardly his policy has been.

It is given out at the Butler headquarters, Boston, that signatures to the petitions thus far returned asking Butler to be the Independent candidate for Governor, sent out originally from his office under his direction and circulated by his runners, indicate a total in the State of upward of forty thousand, though the totals reported are yet much short of this figure. Those circulated in Boston show 7,770 signatures; Lynn, 1,700; Lowell, 1,300; Lawrence, 2,000, and Springfield, 1,750, and from none of these places are the petitions all in. No returns have yet been received from Worcester, Fall River, Salem and other cities.

It is now definitely known that President Hayes will reach Chicago, en route to St. Paul, on the morning of the 3d of September. He will remain there that day and night, and during his stay there will be a public reception at the Grand Pacific Hotel. A committee of the most prominent business men has been appointed to receive him and take charge of the ceremonies. On the 4th of September he will leave for St. Paul. He will return from St. Paul via Madison, reaching the latter place about the 10th.

Gov. Brown, chief manager of the Texas Pacific legislation, who is now in Washington, predicts that the doubling of freight charges over the Union Pacific from New York to San Francisco, which now amounts to \$2,400 for freight cars, will result in the passage of a law at the next session of Congress regulating rates of freight over the Pacific roads. Governor Brown says, however, that the only real remedy is competition, which, of course, means the Texas Pacific.

A boy died recently in London from the effects of a blow on the head with a book inflicted by his teacher in school. This mode of getting knowledge into his cranium appears to have been a total failure, and the teacher is in trouble for trying the experiment.

CHARLES SING, son of Hong Wah Sing, of South Canton, China, was married the other day to Miss Ida V. Wilburn, at the residence of the bride's father, in Fauquier county, Virginia. Another illustration of how the first families may come together.

A GIRL in Trenton, New Jersey, married a Hungarian nobleman, and now she has to take in washing six days in the week instead of two, as formerly, in order to support her new title with sufficient style. Promotion in the social scale always brings increased responsibilities.

MILLEN & LUX, of California, own eighty thousand head of cattle and seventy thousand acres of choice lands. They were poor a few years ago, but Lux followed them along until now they are rated at \$15,000,000.

REPUBLICANS are directed to the notice of the State Convention, which appears in another column. It tells all about the approaching convention.

More than a million tons of beet sugar are annually produced in Europe.
